Dear Sir,

**Investigation Assistance on Export Shipments to M/s Sena Mills Refineries Pvt. Ltd, Sri Lanka by M/s Able Perfect Sdn Bhd, Malaysia**

Reference to your letter dated 10 May 2016 regarding the above-mentioned matter.

2. We hereby confirm that Crude Palm Fatty Acid (CPFA) is not listed in the Customs Tariff Codes for Oil Palm Products or used in the oil palm industry in Malaysia.
3. MPOB has conducted a series of investigations with regard to your request. Our investigation on Able Perfect Sdn. Bhd. revealed that the Crude Palm Fatty Acids (CPFA) could be a blend of RBD Palm Olein and Palm Fatty Acid Distillate.
4. We hope this information could sufficiently assist you.

Thank you.

Your sincerely,

**DATUK DR CHOO YUEN MAY**  
Director General  
Malaysian Palm Oil Board (MPOB)
