

Annexure II

Dr (Mrs) R. Yogendrarajah,
Head,
Dept. of Financial Management,
Faculty of Management Studies
& Commerce,
University of Jaffna.

15.02.2018.

The Vice Chancellor,
University of Jaffna.

Dear Sir,

Post of Lecturer (Probationary) in Financial Management

The above selection committee was held on 10.11.2017, the final decision was not taken and panel decided that the documents have to be studied carefully and meet in one more date to take final decision. However in the second time panel met in the board room and the decision has not been taken and decided to meet another date. So, we were informed to meet today (15.2.2018).

Sir, I kindly request you to take final decision today, we need staff to do the IQAC task and other academic activities because we have to complete the IQAC task before the end of March and the end semester examination also is going on.

Further, I would like to thank to give the time to study the documents and I would be able to study all and have the following views about the candidates.

1. As a head of the department of financial management I prefer Candidate No. 6 (Ms. Mithila Gowthaman (GPA 3.83)) is better than Candidate No. 7 (GPA 3.82) who is the 5th rank in the BBA examination (Financial Management Specialization) in 2016 in University of Jaffna.
2. Further Candidate No. 6 entered to the University of Sri Jeyawardanapura on merit basis (G.C.E. (A/L) Jaffna District rank 4th) has completed Bachelor of Science in Management (Finance Special) 1st class honours and got GPA 3.83 in 2015.
3. She is working as an Associate Vice President (AVP) at Moody's Analytics Knowledge Services Ltd which is a USA based leading provider of high value research, analytics and business intelligence to the financial service sector.
4. She worked on special project which cover high yield investments and distress companies. The following tasks and duties are covered by her.

- Analyzing financial accounts

- Building financial models and forecasts
 - Valuations of Companies
 - Investment research report writing
 - Industry analysis
 - Preparing periodic corporate market reports for investment banking clients.
5. Main focus areas of her tasks are: Modeling with restructured capital structures, scenario analysis, detailed debt analysis, Ratio calculations, credit summary with detailed covenants calculation, variance analysis, monthly monitoring, restructuring transaction overview, corporate structure analysis and liquidity analysis.
 6. She is the Top-CIMA World Prize Winner in worldwide among 4841 candidates.
 7. She is the Associate member of Chartered Institute of Management Accountant (CIMA-UK) and Associate member of chartered Global Management Accountant (CGMA – USA).
 8. She has completed Chartered Financial Analyst (CFA) fully qualified. In this examination results are released as <50%, 51-70%, >70%. She got above 70% to all subjects in three stages.
 9. In our department, we have a **course unit BBAF 3262 Financial Modelling and Forecasting** in third year second semester. We were unable to offer this course unit in last semester because of unavailability of resource person. She completed and got high score for this unit in her bachelor's degree.

In my department among 9 staff members one staff is not related to our special degree programme. She has the specialized degree in Bachelor of Science (Computer Science). Among other 8 members 3 members are doing their PhD and one is doing her M.Phil under the supervision of the same person in the University of Jaffna.

Sir, Field of specialization in finance is very well recognized degree. Our students need outside exposure and practical knowledge on this regard. Particular candidate has practical knowledge in the application of finance theory in so many ways. I prefer this candidate (06) because she has all requirements that need to our department.

Sir, this is for your kind attention and to take final decision without delay because other departments have recruited two candidates to their departments.

Thank you.

Yours truly;

(Dr. (Ms) R. Yogendrarajah
